

Paper number	Authors (presenter listed first) Title
1	Kenzo Abe , Yasuyuki Sugiyama Pollution abatement equipments, environmental policies, and international trade
2	Adamos Adamou and Subash Sasidharan The impact of R&D and FDI on firm growth in emerging-developing countries: Evidence from Indian Manufacturing Industries
3	Ana Paula Africano Silva and Ângelo Coelho EU trade with China—a shift-share analysis
4	Itai Agur The variety effect of trade liberalization
5	Anders Akerman The effect of intraindustry trade on firm productivity: a natural experiment in Scandinavia
6	Carlo Altomonte and Enrico Pennings Productivity growth and the speed of convergence of domestic firms
7	Robert Alvarez and Sebastián Claro David versus Goliath: the impact of Chinese competition on developing countries
8	João Amador , Sónia Cabral and José Francisco Maria Relative export structures and vertical specialization: a simple cross-country index
9	Alessia Amighini Differential impact of trade with China on Italian regions
10	Dolores Anon Higon and Nigel Driffield Exporting and innovation performance: analysis of the annual small business survey in the UK
11	Fabio Antoniou and Panos Hatzipanayotou Strategic environmental policy and strategic use of R&D in green technologies under endogenous regulation
12	Sonia Araujo Herd behaviour and foreign direct investment: are firms copying location choices? Evidence from Swedish multinationals
13	Corinne Bagoulla Industrial location in the Euro-Mediterranean area: market access versus production costs
14	Mina Bali moune-Lutz and Léonce Ndikumana The growth effects of openness to trade and the role of institutions: new evidence from African countries
15	Ragnhild Balsvik Is mobility of labour a channel for spillovers from multinationals to local domestic firms?
16	Roger Bandick and Patrik Karpaty Foreign acquisition and employment effect in Swedish manufacturing
17	Florian Bartholomae and Martin Reidelhuber Consumer preferences and trade in energy resources
18	Maria Bas Trade, technology transfers and wage inequalities: theory and evidence
19	Elif Bascavusoglu Technological capabilities and export performance: the case of Turkish SMEs
20	Catia Batista , Aitor Lacuesta and Pedro Vicente Brain drain and brain gain: evidence from an African success story
21	Sascha Becker and Peter H Egger Endogenous product versus process innovation and a firm's propensity to export
22	Gabor Bekes , Joern Kleinert and Farid Toubal Spillovers from multinationals to heterogeneous domestic firms: evidence from Hungary

23	Eddy Bekkers Endogenous quality in a monopolistic competition model of trade
24	Carl-Johan Belfrage and Fredrik Gallo Shackling the footloose firm? Factor interests and majority voting
25	Peter Benczur and Istvan Konya Disaggregated analysis of growth, capital accumulation and reallocation
26	Jeffrey Bergstrand and Peter Egger Shouldn't physical capital also matter in a world with multinational enterprises?
27	Nicolas Berman Financial crises and international trade: the long way to recovery
28	Daniel Bernhofen Predicting the factor content of foreign trade: theory and evidence
29	Antoine Berthou How much does finance promote exports? In search of the trade cost effect of institutions
30	Olivier Bertrand , Katariina Hakkala and Pehr-Johan Norbäck Cross-border acquisition or greenfield entry: does it matter for affiliate R&D?
31	Juergen Bitzer and Ingo Geishecker Trading IT tasks and wages: new evidence from micro-data
32	Emily Blanchard and Xenia Matschke Preliminary evidence on the link between bilateral investment positions and preferential trade deals
33	José Vicente Blanes-Cristóbal and Juliette Milgram-Baleix Do sunk costs differ from one market to another? Evidence from Spain.
34	Ingo Borchert Fixed costs and the emergence of new export goods
35	Ioannis Bournakis Convergence between Greece and Germany: what is the role for trade and R&D
36	Henk Brand Agglomeration and dispersion effects on regional industry structure and concentration in the EU geographic core and periphery
37	Sebastian Braun Foreign competition, multinational firms, and the effects of one-sided wage rigidity
38	Holger Breinlich and Alessandra Tucci Competing on foreign markets: firm-level responses to changes in competition intensity on export markets
39	Marius Brühlhart , Mario Jametti and Kurt Schmidheiny Do agglomeration economies reduce the sensitivity of firm location to tax differentials?
40	Maurice Bun , Franc Klaassen and Randolph Tan Free trade areas and intra-regional trade: the case of ASEAN
41	Ines Buono Firms' heterogeneity and comparative advantage: an empirical analysis
42	Matthias Busse , Jens Königer and Peter Nunnenkamp FDI and capital account liberalisation
43	Manuel Cabral , Rod Falvey, Chris Milner, and Paula Veiga Industry specific determinants of vertical intra-industry trade
44	Olivier Cadot , Jaime de Melo and Bolormaa Tumurchudur Anti-dumping sunset reviews: the uneven reach of WTO disciplines
45	Aida Caldera Does innovation help Spanish firms to compete globally?

46	Rita Cappariello, Emanuele Breda and Roberta Zizza The measures of the external trade impulse to economic growth: how relevant is the internationalization of production?
47	Llano Carlos, Asier Minondo and Francisco Requena Reexamining the border effect in Spain: searching for explanations
48	Juan Francisco Carluccio and Thibault Fally FDI, local talent, and backward linkages
49	Lucio Castro The impact of trade with China and India on Argentina's manufacturing employment
50	Pao-Li Chang and Myoung Jae Lee The WTO trade effect
51	Arunish Chawla FDI policy, quantity competition and heterogeneous firms
52	Maggie Chen and Sumit Joshi The network of free trade agreements
53	David Cheong and Gokhan Dikmener The economic determinants of antidumping decisions in Turkey
54	Angela Cheptea Determinants of agricultural trade: old story, news facts
55	Eliza Chilimoniuk Three-year results of the Poland's Accession to the European Union—an analysis of changes of selected indices
56	Andrzej Cieřlik Multinational firms and international fragmentation of production
57	David Collie Migration and trade with external economies of scale
58	Luca Colombo and Paola Labrecciosa The impact of technological interdependency on international collusion
59	Paola Conconi, Giovanni Facchini and Maurizio Zanardi Fast track authority and international trade negotiations
60	Gregory Corcos Globalisation, vertical linkages and "relational contracts"
61	Karen Crabbé and Hylke Vandenbussche Spatial tax competition in the EU15
62	Anthony Creane and Kaz Miyagiwa The welfare effects of FDI
63	Kristof Dascher and Alexander Haupt The political economy of regional integration projects at borders where rich and poor meet: the role of cross-border shopping and community sorting
64	Marie Daumal Impact of federalism on international trade
65	Luca De Benedictis and Lucia Tajoli The world trade network
66	Karolien De Bruyne Real estate markets and the location of economic activity
67	Giuseppe De Feo and Oscar Amerighi Competition for FDI in the presence of a public firm and the effects of privatization
68	Gianfranco De Simone, Daniele Checchi and Riccardo Faini Skilled migration, FDI and human capital investment

69	Jose de Sousa and Sandra Poncet How are wages set in Beijing?
70	Albert de Vaal and Joachim Stibora Trade liberalization and its fiscal implications in a North-South trade model
71	Angelos Delis A decomposition of US net exports changes 1964-1991
72	Svetlana Demidova and Andres Rodriguez-Clare Export subsidies, productivity and welfare under firm-level heterogeneity
73	Salvatore Di Falco and Abhijit Sharma Openness and environmental quality: evidence from emerging versus industrialised economies
74	Michele Di Maio and Luca De Benedictis Trade, competition and productivity under oligopoly
75	Carmen Diaz-Mora and Angela Triguero-Cano Sunk costs, scale economies and outsourcing performance of manufacturing firms
76	Anne-Celia Disdier and Jerome Hericourt Trade, genetic distance and food consumption
77	Barbara Dluhosch and Thorsten Hens Business services and north-north trade—a primal approach
78	Irina Dumitriu and Agnes Ghibutiu The effects of offshoring on trade in services: evidence from Romania
79	Pushan Dutt and Daniel Traca Corruption and tariffs as barriers to imports
80	Carsten Eckel International trade and retailing: diversity versus accessibility and the creation of retail deserts
81	Hartmut Egger and Peter Egger Mergers, technology transfer, and the regional pattern of trade
82	Peter Egger and Mario Larch Road and railway transport infrastructure effects on bilateral trade
83	Karolina Ekholm, Sascha O. Becker, and Marc-Andreas Muendler Offshoring and the onshore composition of occupations, tasks and skills
84	Ceyhun Elci Interconnectivity of intellectual property rights and sanitary and phytosanitary measures
85	Stefano Elia, Mariotti Ilaria and Piscitello Lucia Direct and indirect effects of outward foreign direct investments on employment and skill upgrading in Italian provinces
86	Robert Elliott, Matthew Cole, Marco Ercolani and Facudo Albornoz Foreign direct investment and environmental management: in search of environmental spillovers
87	Julian Emami Namini and Ricardo A. Lopez International trade with horizontal and vertical product differentiation and heterogeneous firms
88	Martin Falk Are foreign-owned firms more likely to innovate than domestic-owned firms? Firm-level evidence for 11 EU-countries
89	Rod Falvey, David Greenaway and Joana Silva Trade liberalisation and human capital adjustment
90	Anna Maria Falzoni and Mara Grasseni Home country effects of investing abroad: evidence from quantile regressions
91	Anna Ferragina and Francesco Pastore Export performance in high tech goods: the role of export diversification and trade policy

92	Ricardo Ferreira Regional trade on the Portugal-Spain border
93	Ben Ferrett and Ian Wooton How does the international distribution of firm ownership affect the intensity of tax competition?
94	Switgard Feuerstein Registration taxes for cars inducing international price discrimination: an optimal tariff approach
95	Carmen Fillat and Julia Wörz Liberalizing trade on services is restricting services FDI
96	Lisandra Flach and Gabriel Felbermayr How the Diaspora has promoted the integration of the world economy
97	Reto Foellmi, Christian Hepenstrick and Josef Zweimüller Income effects in the theory of monopolistic competition and international trade
98	Emanuele Forlani Competition in services' sector and performances of manufacturing firms: does liberalization matter?
99	Rikard Forslid and Anders Åkerman Country size and productivity: an analysis of heterogeneous firms and differential beachhead costs
100	Bernard Franck and Robert F. Owen International migration, human capital formation, sunk costs, and national labour markets
101	Joseph Francois, D. Nelson, and A. Pelkmans Endogenous protection in general equilibrium: estimating political weights in the EU
102	Taiji Furusawa and Chia-Hui Lu Firm heterogeneity, technology utilization, and international fragmentation
103	Mattias Ganslandt and Keith E. Maskus Wholesale price discrimination and parallel imports
104	Maria Garcia-Vega and Elena Huergo Determinants of R&D outsourcing at foreign locations: evidence from Spanish companies
105	Gus Garita and Charles van Marrewijk Capital account liberalization increases cross-border mergers and acquisitions
106	Harry Garretsen and Maarten Bosker Trade costs, market access and economic geography: why the empirical specification of trade costs matters
107	Paolo Giordano and Alexandre Vialou The transition to free trade under DR-CAFTA: measuring dynamic market access commitments
108	Anne Marie Gleeson and Frances Ruane Continuity breeds success? Exporter heterogeneity, performance and sunk costs
109	Alexandre Gohin and Fabienne Femenia The relative importance of EU, US and Japan agricultural policies in world trade negotiations
110	Holger Görg, Michael Henry, Eric Strobl and Frank Walsh Multinationals, backward linkages and labour demand elasticities
111	Michal Grajek Diffusion of ISO 9000 standards and international trade
112	Jean-Marie Grether and Nicole A. Mathys Is the world's economic center of gravity already in Asia?
113	Jose Luis Groizard Technology diffusion through trade
114	Pertti Haaparanta and Hanna Pesola Trade and wage distributions
115	Costas Hadjiyiannis, Michael S. Michael, Louis Christofides, Sofronis Clerides and Marios Stephanides The effects of immigration on the wage structure of Cypriot workers

116	Jan Hagemeyer and Jan Michalek Implications of Doha Round negotiations for agricultural sector in Poland and other selected countries. A GTAP simulation.
117	Stefanie Haller and Ragnhild Balsvik The contribution of foreign entrants to employment and productivity growth
118	Torfinn Harding and Beata Smarzynska Javorcik FDI and unit values of exports
119	Tetsugen Haruyama and Lex Zhao Quality improvement, firm heterogeneity and trade
120	Panos Hatzipanayotou , N. Tsakiris and M.S. Michael Foreign aid, environmental policies and welfare under globalization, unemployment and cross-border pollution
121	Matthias Helble , Ben Shepherd and John S. Wilson Trade costs and global production networks: lessons from the Asia-Pacific experience
122	Michael Henry , Nigel Driffield, Sourafel Girma and Karl Taylor Wage inequality, linkages and FDI
123	Jérôme Héricourt and Nicolas Berman Financial constraints and the margins of trade : evidence from cross-country firm-level data
124	Laura Hering and Sandra Poncet Market access impact on individual wages: evidence from China
125	Mathias Herzing Standards, national treatment and harmonization
126	Daniel Horgos How to measure international outsourcing: quality and performance of different outsourcing indices
127	Marilyne Huchet-Bourdon and Angela Cheptea Informal barriers, agricultural trade and the Euro zone
128	Leonardo Iacovone and Rafael E. De Hoyos Economic performance under NAFTA: a firm-level analysis of the trade-productivity linkages
129	P. Lelio Iapadre and Giuseppe Pace Trade intermediaries and the tariff pass-through
130	Toshihiro Ichida and Chia-Hui Lu Why L'Oreal saved Nurse but P&G killed Panda
131	Susana Iranzo and Alyson Ma The effect of China on Mexico–US trade: undoing the North-American Free Trade Agreement?
132	Jota Ishikawa and Eiji Horiuchi Strategic technology transfer through FDI in vertically related markets
133	Andrey Ivanov Informational effects of migration on trade
134	Tomasz Iwanow Institutional quality, trade and cross-country productivity differentials
135	Karen Jackson Assessing the Turkey-EU Customs Union: shallow and deep integration
136	Marion Jansen , Alberto Almurgo Pacheco, Marc Bacchetta and Roberta Piermartini Export diversification as a shock absorber
137	Claus Aastrup Jensen , Nikolaj Malchow-Moeller and Jan Rose Skaksen Does coordination of immigration policies among destination countries increase immigration?
138	Naoto Jinji Illegal extractions of renewable resources and trade
139	Ronald Jones and Sugata Marjit International trade models and real world features

140	Benjamin Jung and Gabriel Felbermayr Endogenous export modes
141	Jaewon Jung Offshoring and technological structure: winners and losers, or only winners?
142	Sabine Kadam On the relation between trade liberalization and firm size
143	Eleni Kaditi The impact of corruption on foreign investments in Eastern Europe and Central Asia
144	Margarita Kalamova and Sebastian G. Kessing Decentralization and international trade
145	Pantelis Kammis and Apostolis Philippopoulos Should we care about international tax competition?
146	Sune Karlsson , Nannan Lundin, Fredrik Sjöholm and Ping He FDI, privatization and job creation in China
147	Seiichi Katayama and Kaz Miyagiwa FDI as a signal of quality
148	Toby Kendall and Cillian Ryan Mergers in a heterogeneous firm model
149	Sangeeta Khorana Convergence towards regional integration between the EU and India: trade implications for the UK and India
150	Anyarath Kitwiwattanachai , Doug Nelson and Geoffrey Reed Quantitative impacts of East Asia free trade areas: a computable general equilibrium modelling
151	Franc Klaassen , R. Beetsma and M. Giuiodori The impact of fiscal policy on trade in the EU: trade balance and trade spillovers
152	Artur Klimek Export or foreign direct investment? Optimal foreign market entry for CEE firms.
153	Richard Kneller and Mauro Pisu Export barriers: what are they and who do they matter to?
154	Tomas Konecny Can immigrants hurt trade?
155	Črt Kostevc , Joze Pavlic Damijan and Saso Polanec Knowledge transfer, innovation and growth
156	Constantina Kottaridi and Thanasis Stengos Foreign direct investment, human capital and nonlinearities in economic growth
157	Sebastian Krautheim Gravity and information: heterogeneous firms, exporter networks and the "distance puzzle"
158	Udo Kreickemeier and Rod Falvey Tariff reforms with rigid wages
159	Andželika Kužnar International trade in services in developing countries: threats and opportunities
160	Lisbeth la Cour and Delia Ionascu The impact of increased openness and structural reforms on productivity. the case of the Czech Republic.
161	Paola Labrecciosa and Luca Colombo Regionalism and collusion
162	Sajal Lahiri and Yoshiyasu Ono The effect of new environment on foreign direct investment in an oligopolistic Heckscher-Ohlin model
163	Rainer Lanz and Peter Egger The determinants of GATS commitment coverage

164	Mario Larch, Peter Egger, Janette Walde and Michael Pfaffermayr The EU's attitude towards eastern enlargement in space
165	Ivan Ledezma and Maria Bas Market access and the evolution of within plant productivity in Chile
166	Arjan M. Lejour Trade in services and the dissimilarity in regulation
167	Carolina Lennon Trade in services: cross-border trade versus commercial presence: evidence of complementarity
168	Ulf Lewrick Are we trading variety for quality? When differences in standards let product quality tumble
169	Joan Llull The impact of immigration on economic growth
170	Julie Lochard and José de Sousa Estimating the effect of colonial history on trade
171	Pachara Lochindaratn Market size, market structure, and welfare improving regional economic integration: the computable general equilibrium modelling approach
172	Luis Antonio López Santiago, María Angeles Cadarso Vecina, Nuria Gómez Sanz and María Ángeles Tobarra Gómez Offshoring: we know how, let us now decide where
173	Nannan Lundin, Fredrik Sjöholm, Ping He and Jingchang Qian FDI, market structure and R&D investments in China
174	Jie Ma Is an export subsidy a robust trade policy recommendation towards a unionized duopoly?
175	Euan MacMillan Reciprocity in trade agreements: a natural outcome of Nash bargaining
176	Priydarshini Mahabir, David Greenaway and Chris Milner Has China displaced other Asian countries' exports?

178	Nikolaj Malchow-Møller, James R. Markusen and Bertel Schjerning Foreign firms, domestic wages
179	Miriam Manchin and Joseph Francois Lerner symmetry rides again
180	Andrea Mantovani and Alireza Naghavi Intellectual property rights, parallel import and R&D in the pharmaceutical industry
181	Nicolae Marinescu The link between exports and inward foreign direct investment: the case of Romania
182	Andrea Marino Import duties: a good measure of tariff protection?
183	Rosen Marinov, Virginia di Nino and Nadia Rocha Trade liberalization and new exporters' size: theory and evidence
184	James Markusen and Anthony Venables Interacting factor endowments and trade costs: a multi-country, multi-good approach to trade theory
185	Laura Márquez-Ramos and Inmaculada Martínez-Zarzoso On the determinants of sectoral trade: the role of proximity, common language and colonial ties
186	Will Martin and Cong Pham Love of variety, firm heterogeneity and extensive margin growth in trade

187	Inmaculada Martinez Zarzoso, F. Nowak-Lehmann D. S. Vollmer The log of gravity revisited
188	Joan Martín-Montaner, Guadalupe Serrano and Francisco Requena-Silvente The impact of the immigration on the productive structure of the Spanish regions
189	Anuj Joshua Mathew, Arijit Mukherjee and Bouwe R. Dijkstra Privatisation and the FDI incentive for a polluting firm
190	Anselm Mattes and Christian Arndt The impact of inward FDI and foreign ownership on performance of German multinational firms
191	Steve McCorrison and Donald MacLaren Not so liberal trade reform: state trading and China's accession to the WTO
192	Mark Melatos and Pascalis Raimondos-Møller What types of countries win trade wars?
193	Ines Mezo Vertical and horizontal trade between the EU 15 and the 2004 enlargement countries
194	Michael Michael and Panos Hatzipanayotou Welfare and revenue improving reforms of tariffs and consumption taxes in the presence of pollution
195	Bernhard Michel The impact of offshoring on the Belgian labour market
196	Kaz Miiyagiwa and Anthony Creane Production shocks and FDI: learning and correlation effects
197	Juliette Milgram and Marion DAVIS Foreign competition and total factor productivity evidence for Spanish manufacturing firms
198	Gaetano Alfredo Minerva Market shares and multinationals' investment: a microeconomic foundation for FDI stocks gravity equations
199	Asier Minondo Exports' quality adjusted productivity and economic growth
200	Catia Montagna and Dermot Leahy "Make-or-buy" in international oligopoly and the role of competitive pressure
201	Christoph Moser, Dieter Urban and Beatrice Weder International competitiveness, job creation or job destruction? A plant level study of German job flows
202	Veronika Movchan The impact of NTMs on country's welfare: analysis with the CGE model for Ukraine
203	Monika Mrazova Are trade and migration complements? The evidence from the EU eastern enlargement of trade-creating migration.
204	Marcella Mulino and Eleonora Cavallaro Quality upgrading, technological catching up and trade
205	Jakob Roland Munch, Nikolaj Malchow-Møller and Jan Rose Skaksen What happens to natives when immigrants get jobs?
206	Mirabelle Muûls and Mauro Pisu Imports and exports at the level of the firm: evidence from Belgium
207	Tendeukayi Muzondo Measuring the opportunity cost of trade capacity building policy initiatives on bilateral trade in sub-Saharan Africa
208	Alireza Naghavi and Gianmarco Ottaviano The organizational theory of growth and industry dynamics with heterogeneous firms
209	Helen Naughton To shut down or shift: multinationals and environmental regulation

210	Daniel Navia FDI and the domestic capital stock: motivation matters.
211	J. Peter Neary and James E. Anderson Revenue tariff reform
212	Silvia Nenci and Carlo Pietrobelli Does tariff liberalization promote trade? Latin America in the long-run (1900-2000)
213	Marcella Nicolini Institutions and offshoring decision
214	Jørgen Ulf-Møller Nielsen and Jørgen Drud Hansen Economies of scale and scope, firm heterogeneity and exports
215	Lars Nilsson , Louise Curran and Douglas Brew The Economic Partnership Agreements: the best way forward for economic development of the ACP?
216	Volker Nitsch Die another day: duration in German import trade
217	Pehr-Johan Norbäck , Dieter Urban and Stefan Westerberg Gravity with FDI – a solution to the Rose-puzzle on GATT/WTO and international trade
218	Dennis Novy International trade and the gravity equation: how fast have trade costs declined?
219	Felicitas Nowak-Lehmann D. , Sebastian Vollmer and Inmaculada Martínez-Zarzoso Export strength: a comparison between China and Latin America
220	Satu Nurmi and Pekka Ilmakunnas Dynamics of export market entry and exit: evidence from micro-level data
221	Harald Oberhofer and Michael Pfaffermayr FDI versus exports: substitutes or complements? A three nations model and empirical evidence
222	Toshihiro Okubo Trade liberalisation and agglomeration with firm heterogeneity—forward and backward linkages
223	Fabrizio Onida and Rosario Crinò Foreign ownership and economic performance in Italy: not all is cherry-picking!
224	Emanuel Ornelas and Luis Araujo Trust-based trade
225	Robert Owen Endogenous sunk costs, expectations and economic integration
226	Rodrigo Paillacar and Laura Hering On the relation between market access, migration and wages: an empirical analysis of the Brazilian labor adjustment after trade reforms
227	Elias Papaioannou and Antonio Ciccone Entry regulation and inter-industry reallocation: theory and evidence
228	Eleni Papathanasopoulou Carbon dioxide emissions associated with Greece's trading structure: methodology and pilot results for 1990 and 2005
229	Aleksandra Parteka Employment and export specialization patterns versus GDP per capita performance—unifying approach
230	Jennifer Pedussel Wu and Harry P. Bowen Does it matter where immigrants work? Immigrant heterogeneity and the sectoral pattern of output and trade
231	Maria Persson Trade facilitation and the EU-ACP Economic Partnership Agreements
232	Hanna Pesola Individual level employment effects of foreign acquisitions

233	Pavlos Petroulas and Stephen G. Hall Spatial interdependencies of FDI locations
234	Barbara Pfeffer FDI and foreign portfolio investment—complements or substitutes
235	Pierre M. Picard and Zeng Dao Industrial location: a harmonization of two natures
236	Jose Pedro Pontes Agglomeration and comparative advantage in vertically-related firms
237	Alberto Portugal-Pérez the costs of rules of origin in apparel: African preferential exports to the US and to the EU
238	Irina Gabriela Radulescu and Radulescu Dragos Lucian Regional trade agreements of Asia: China perspectives
239	Horst Raff, Ngo Van Long and Frank Stähler The effects of trade liberalization on R&D, industry productivity and welfare when firms are heterogeneous
240	Pascal Raimondos-Møller and Udo Kreikemeier Tariff-tax reforms and market access
241	Glenn Rayp, Michel Dumont and Peter Willemé Ménage à trois in a globalized world: bargaining between firms, low-skilled workers and high-skilled workers
242	Vincent Rebeyrol, Matthieu Crozet and Pamina Koenig Exporting to risky markets
243	Francisco Requena-Silvente, Andrés Artal and Carlos Llano The factor content of interregional bilateral trade: new evidence from Spanish regions
244	Laura Resmini and Marcella Nicolini Multinational enterprises and productivity spillovers: in search of a spatial dimension
245	Elisa Riihimäki Profit sharing, economic integration and employment: econometric evidence from Finland
246	Hugo Rojas-Romagosa and Arjan Lejour International spillovers of domestic reforms: the joint application of the Lisbon strategy in the EU
247	Gianpaolo Rossini and Laura Vici Vertical integration, disintegration and ability to export
248	Juan Ruiz and Jose Maria Serena On the two-way relationship between bilateral trade and bilateral financial links
249	Michael Ryan and Andrzej Cieřlik Firm heterogeneity, foreign market entry mode and ownership choice: the case of Japanese direct investment
250	Juan A. Sanchis Llopis, S. Esteve Pérez and Juan A. Máñez Castillejo Does a “survival-by-exporting” effect for SMEs exist?
251	Grazia Santangelo and John Cantwell The scale and scope story revisited: the role of M&As in corporate technological experimentation
252	Selin Sayek and Banu Demir Sectoral analysis of the location choice of multinational enterprises
253	Hans-Joerg Schmerer, Gabriel Felbermayr and Julien Prat Melitz meets Pissarides: firm heterogeneity, search unemployment and trade liberalization
254	Deborah Schoeller Service offshoring and the demand for less-skilled labor: evidence from Germany
255	Sanne Schroll, Nikolaj Malchow-Møller, Jakob Roland Munch and Jan Rose Skaksen Attitudes towards immigration—does economic self-interest matter?
256	Ruben Segura-Cayuela Skilled bias technical change and wage compression: an explanation for the differential behaviour of the skill premium between the US and the UE

257	Tobias Seidel Tax competition, agglomeration and imperfect labour markets
258	Guadalupe Serrano-Domingo , Vicente Blanes-Cristobal and Francisco Requena-Silvente Labour market adjustment in the Spanish regions: a first examination to the immigration shock, 1995-2002
259	Dilek Seymen , Nevzat Simsek and Utku Utkulu Turkey's competitiveness in the EU market: a comparison of different trade measures
260	Yuliya Shakurova , Olivier Cadot, Alessandro Nicita and Claudio Sfreddo Endowments, specialization and policy: the effects of supply-side and demand-side policies on industrial specialization
261	Abhijit Sharma Industrial structural transformation for Chinese manufactured exports: 1980-2003
262	Robert Shelburne and Jose Palacin Remittances: a new estimation procedure for CIS flows and its economic implications
263	Ben Shepherd and Allen Dennis Barriers to entry, trade costs, and export diversification in developing countries
264	Clinton Shiells and Joseph F. Francois Heckscher-Ohlin trade effects in dynamic growth models: implications for international capital flows
265	Volodymyr Shportyuk and Veronika Movchan Regional integration choice for Ukraine: between the EU and Russia
266	Boriss Siliverstovs and Dieter Schumacher Is "globalization puzzle" so puzzling? Evidence from the disaggregated gravity model
267	Dominique Simonis and Peter Wobst Deteriorating export market shares: the case of France
268	Helen Simpson , Rachel Griffith and Rupert Harrison Product market reform and innovation in the EU
269	Fredrik Sjöholm , Katariina Hakkala; Fredrik Heyman Cross-border acquisitions and volatility of labor demand
270	Katarzyna Sledziowska , Elżbieta Czarny and Jerzy Menkes How countries gravity?
271	Beata Smarzynska Javorcik and Leonardo Iacovone Dissecting Mexican export boom: plant-level evidence on the drivers of export diversification
272	Roger Smeets and Albert de Vaal Knowledge spillovers, geography and the entry mode choice of multinationals
273	Mariana Spatareanu and Beata Smarzynska Javorcik Does access to financing promote linkages with multinationals?
274	Julia Spies and Helena Marques Conditions for trade-creating regional integration: the case of the Europe Agreements
275	Frank Stähler and Martin Richardson Fair trade
276	Joachim Stibora and Albert de Vaal Hub and spoke bilateralism and the global income distribution
277	Barbara Stoschek International environmental agreements and tax competition for FDI
278	Eric Strobl , Andreas Heinen, Luisito Bertinelli and Salvador Barrios Exploring the relationship between local and global knowledge spillovers: evidence using plant-level data
